Fraser Valley Chapter Events

Due to current restrictions, FV Chapter Workshops, Education Events and Socials are currently on *pause*.

Steering Committee members are exploring a number of ideas and suggestions to connect FV members both virtually and interactively.

Stay tuned for upcoming announcements.

Mt. Vernon Hub & Spoke

POSTPONED

The Hub & Spoke has been postponed due to current restrictions (i.e. US border closures) as a result of COVID-19.

This would have been the first official CCCTS FV Chapter Hub & Spoke and the cancellation is disappointing for both leaders and participants. Depending on how and when the BC social distancing requirements change, a Hub & Spoke will take place – location and date all to be determined☺.

In the meantime, the Hub & Spoke Committee enjoyed planning and preparing for this event. There has also been lots of learnings throughout the process such as organizing and managing large groups, planning for socials and creating rides on RidewithGPS.

Thanks to the FV Chapter members for supporting the H&S.

Riding in COVID times

We know you are keen to get going on group rides, but we aren't there yet. The FV Chapter will continue to follow the directives and advice from the Ministry of Health and will resume chapter activities including weekly rides, when appropriate to do so.

Members of the Steering Committee are staying active by exploring and documenting new routes in the Fraser Valley. So, to keep you connected, here are suggestions to keep you riding☺.

- Explore routes on the CCCTS Website using **RidewithGPS**. (**Tip:** LOG-ON to CCCTS Website; Click on "Tours" or "Hub & Spoke"; Use the Drop Down and Click on "Ride with GPS route library"; Choose a ride!)
- Explore a FV Chapter **Ride Suggestion**. On occasion, emails will be sent to FV Members with a suggested ride and a link to a RidewithGPS file. These rides are not CCCTS sanctioned rides but come from various FV members. A great way to try new routes … watch for news in your email in-box.

Stay safe and stay active
