#### Rides

a. Resumption of Chapter Rides

The BC Gov't Covid restrictions are in effect until after the May long weekend. Given the current downtrend in new Covid cases, the SC was somewhat optimistic that we may be able to resume our riding activities in June. With that in mind, the SC agreed to tentatively schedule:

- the first Wednesday ride on June 2<sup>nd</sup>, and
- the Week of Rides to begin on June 14<sup>th</sup>.

It was agreed that the June 2<sup>nd</sup> ride would depart from Redwood Park at 10 am with lunch at JD Turkey Farms with a coffee and donut social beforehand starting at 9 am.

It was agreed that, given that we haven't had FV Chapter rides for many months, there should be a "riding protocols and safety talk" prior to the ride.

The calendar on the website will be updated now to reflect these new dates and the SC will have a special meeting the week of May 24<sup>th</sup> if Covid restrictions allow these events to take place.

b. GoByBikeWeek

GoByBikeWeek (formerly Bike To Work BC) will take place May 31 – June 6.

<https://gobybikebc.ca/>

The SC agreed to encourage FV members to participate in this event and will provide more information to Chapter members in the next Newsletter.

c. E-bike policy feedback

Ralph reported that he had not received any feedback on the E-bike information contained in the March Newsletter. He suggested that we should expect to see more e-bike riders in the future and we need to ensure that new members with e-bikes are aware of and follow our ride and safety guidelines.

Advocacy

a. Intersection of Hwy. 15 and 40<sup>th</sup> Ave.

SC members have received a copy of the email from Surrey's Engineering Dept. explaining their rationale for the design of the median.

Neil said the Surrey cycling group coalition (HUB, CCCTS, 0-5-0, Team Coastal) still intends to meet with the Engineering Dept. to press for making the intersection more cyclist friendly.

The Engineering Dept. has agreed to allow cycling coalition input to future road projects that have cycling impacts (e.g., Nicomekl Bridge replacement, 84<sup>th</sup> Ave. corridor).

b. Meeting with Surrey City Council

The Surrey cycling group coalition will be making a presentation to the Surrey City Council at its next meeting on May 10<sup>th</sup>.

Communications

a. Buy and Sell ads in the Newsletter

It was agreed to continue with the current policy of not publishing Buy and Sell ads in the Chapter Newsletter. It was noted that the CCCTS Newsbrief allows Buy and Sell ads and, perhaps, the CCCTS website could be modified to publish such ads.

b. Topics for Next Newsletter

Status of/preparing for the resumption of weekly Wednesday rides and the Week of Rides.

7. New Business

a. BIKennale/WALKennale 2021 <https://www.vbbike.ca/>

Janet introduced BIKennale/WALKennale 2021 which may be of interest to FV Chapter members. It offers self-guided walking and cycling tours with fascinating information on public art and points of cultural, historical and architectural interest throughout Metro Vancouver.

It was agreed to provide information on BIKennale/WALKennale 2021 in the May Newsletter.

b. GPS workshop

Agreed to defer consideration of another GPS workshop until the fall.

c. Incident report and Waiver

Agreed that ride leaders should carry copies of the CCCTS Incident Report and Waiver.
