

## FRASER VALLEY CHAPTER MEMBER SURVEY RE. RIDING IN THE USA – MARCH, 2025

Given the recent imposition of import tariffs by President Trump, a number of Fraser Valley (FV) Chapter ride leaders and members asked if we will continue to schedule rides across the border, or not.

So, we surveyed our members (both leaders and riders) to get their opinion on the issue.

Thank you to the 74 people who responded to our survey. Here is a summary of the results.

Additional comments from survey respondents.

- Most of the people who said “yes” or “maybe” to leading/doing a ride across the border said they would not spend any money in the US.
- Several people who said “no” or “maybe” said their opinion might change if the US moderated their position on tariffs, the 51<sup>st</sup> state, etc.

The Steering Committee will discuss the survey results at its April 7<sup>th</sup> meeting and send an update to members.
