To ensure we have enough variety and quantity of food please sign up beside the item you will be bringing (main course/salad/dessert). Each item has been allocated to a specific number of people to ensure we have enough of each.

If all the items in Group 1 are full when you sign up please put your name in Group 2 then Group 3 once group 2 is full. Because we can't predict how many will be attending, this allows us to try and get a balanced number of food items. The goal is for everyone to get a balanced plate of food.
